The most popular seller is the **SD501** – there are 6 other options I can gladly discuss with you.

We have **offices & services centers** in CA, NY & FL – the **SD501** machine has a 5 year warranty [its internals contain 7 solid Titanium Plates, each dipped in Platinum with 230W ionizing power]. Mine was purchased in 2008 & sent-in in 2016 for its 1st service – cost \$40 with S&H – came back like new – with 5-7 year interval services & care it should last beyond 15-20 years [depending on the quality of your household water – a good *water softener* 100% improves your household water to extend the life of your Kangen machine, washing machine, dishwasher, refrigerator, kettle, clothes & all plumbing, faucets, toilets, etc.]
